Overview

The Warwick School District is committed to working with students and parents/guardians to provide a framework that supports consistent and regular attendance for all children. We value the education of our students, recognizing the relationship between regular attendance and student achievement. We work with our families to ensure that whenever possible, their children are in attendance at school.

The purpose of this attendance manual is to provide information about the laws and regulations governing school attendance, and the procedures followed by the District to maintain compliance with these mandated policies. Through utilization of the guidelines and forms provided in this manual, the District reinforces consistent implementation of attendance procedures across all K-12 schools. These procedures help ensure students attend school on a regular basis.

Pennsylvania Compulsory Education Laws

The term *compulsory school age* in Pennsylvania refers to the period of a child's life from the time the child enters school as a beginner (kindergarten or first grade), which may be no later than eight years of age, until the age of seventeen or graduation from a high school, whichever occurs first. It is mandatory for all children of compulsory school age having a legal residence in Pennsylvania to attend a day school in which the subjects and activities prescribed by the Standards of the State Board of Education are taught in the English language, except in certain situations found in sections 1327, 1327.1, 1329, and 1330 of the Pennsylvania School Code.

All students from age 8 (or the earliest age they entered school) until age 17 are required to participate in an approved educational program. Parents or guardians are required by law to ensure that their children attend an approved educational program.

The following chart provides a quick overview of Pennsylvania’s educational laws regarding compulsory school attendance.

Although the compulsory education law defines the starting age as 8 years, the Warwick School District implements these regulations as soon as a student enrolls in the school system. For example, if a student is enrolled in kindergarten at the age of 5 or 6 years old, the district will implement the attendance laws for that child. All students enrolled in the district prior to the age of 8 must abide by the attendance laws.

Absence from School

Absence is defined as the nonattendance of a student on a day that school is in session. It is expected that a parent/guardian notify the school about the student’s illness or family emergency on the day of the absence.

Unexcused Absence

Parents/guardians must provide a written explanation for the absence of their student. All absences should be treated as unexcused until the school district receives a written excuse explaining the reason(s) for an absence. Parents/guardians and students should submit the written explanation within three (3) school days of the absence. If no written explanation is provided, the absence is recorded as unexcused. Likewise, if a written explanation offers an excuse for absence that is not allowable (as outlined in Board policy no. 204 of this attendance manual), the absence will be recorded as unexcused. Unexcused absences may include, but are not limited to, absences from school due to parental neglect, parental consent for reasons other than those specifically excused, illegal employment, and truancy. If a written explanation is questionable in nature, the absence will be investigated. An absence only becomes excused when the school codes it accordingly. Students who are under the age of 17 with an unexcused absence, as per the Pennsylvania Department of Education definition, are considered truant.

Excused Absence

An excused absence from school is broadly defined by the state. Excused absences from school at the Warwick School District include the following:

- ◆ Illness
- ◆ Prearranged medical, dental, clinic, or hospital appointment
- ◆ Court appearances
- ◆ Funeral of relative
- ◆ Educational trips pre-approved by the appropriate administrator - limit of two (2) annually, not to exceed a total of (5) school days
- ◆ Pre-approved annual visits to post-secondary options: (Elementary and Middle School students will not be excused to attend college visits.)
 - Colleges, trade schools or job sites-with a maximum (non-cumulative) of:
 - 9th – 1 day
 - 10th – 1 day
 - 11th - 3 days
 - 12th - 3 days

- ◆ Authorized school activities
- ◆ Family emergencies per principal discretion
- ◆ Observance of student's religious holiday
- ◆ Participation in religious instruction program - maximum of 36 hours annually
- ◆ Attendance at PA State Farm Show - one (1) day only
- ◆ Participation in a 4-H, FFA or combined 4-H and FFA project - upon written request
- ◆ Hunting - maximum of three (3) days annually
- ◆ Performance/Non-school Sponsored Activities - 1-15 pre-approved cumulative school days

A maximum of ten (10) days of cumulative excused absences verified by parental notification are permitted during a school year. All cumulative excused absences verified by parent note beyond ten (10) days will require an excuse from a physician. Students who have excused absences have the opportunity to make up any work missed. It is expected that students complete the work within the time frame allotted by school staff.

Educational Trips

A student may be permitted to take a limit of two (2) educational trips per school year, with his/her parents/guardians, not to exceed a total of five (5) school days. These trips are to be pre-approved and comply with program requirements as described in the *Student Handbook*. When an educational trip requires an absence of one day from school, an *Educational Trip Request Form* must be completed and given to the building administrator for prior approval. When an educational trip requires an absence of two or more consecutive days, the *Educational Trip Request Form* must be completed and returned to the Superintendent's Office at least one (1) week prior to the trip. See the Appendices section for a copy of this form. The form is also located on the district and school websites.

Educational trips for the first and last ten (10) days of school and during scheduled testing times (for state-mandated assessments – PSSA, Keystone Exams; final exams) are strongly discouraged and may not be approved during these windows. The testing calendar is available in your student's school office.

Educational trips will not be approved for students who are failing their subjects or have unexcused

absences. Shopping trips and similar activities will not be approved as educational trips.

Parents/guardians are encouraged to contact the student's building administrator for details relating to excused absences for educational trips.

Medical Appointments

Students with an appointment to visit a doctor or dentist during school hours may be excused for the absence if a signed written request is provided by the parent/guardian prior to the event. The written request should include the name of the physician and appointment time. A note from the doctor/dentist must be given to the office upon the student's return to school. If a student does not bring a note to school before leaving for an appointment, the absence will be marked unexcused.

If an appointment becomes necessary at the last minute, the parent/guardian should contact the building to provide authorization for the student to leave school. A note from the doctor/dentist should follow the student's return to school, recognizing the three-day grace period.

The building administrator may require a 30-day doctor's certificate or 30-day letter in situations where frequent absences and/or tardy minutes are occurring and/or it appears absences and/or tardy minutes are unexcused. Students with this type of intense medical need are seeing a physician regularly. This requirement may remain in effect for the remainder of the school year. The 30-day certificate or letter is required to have the following information: diagnosis, 30-day prognosis, symptoms that require student to remain in the home, date, and physician signature.

Student participating in extra-curricular activities are strongly encouraged to make appointments after school hours. In order to participate in extra-curricular activities, students must be in attendance at school by 10am on the day of the practice, rehearsal, event, etc. If students in extracurricular activities have a doctor's appointment, they must provide a doctor's note to be permitted to engage in the activity.

Tardiness

Tardiness is defined as arriving late to a student's homeroom or class. Tardiness can have a significant negative impact on the learning process. Students must be in homeroom classes by the starting time of school. Below are the start and end times for the elementary schools, middle school, and high school.

- Elementary (Grades K - 6): 8:00 a.m. - 2:30 p.m.
- Middle School (Grades 7 - 8): 7:49 a.m. - 2:55 p.m.
- High School (Grades 9 -12): 8:00 a.m. - 3:01 p.m.

In order to participate in extracurricular activities, students must be in attendance at school by 10am on the day of the practice, rehearsal, event, etc.

District Accountability for Absences

It is the responsibility of each school to maintain accountability for student attendance. Building administrators are responsible for assuring that all regulations are followed. If there are situations that cannot be addressed at the building level, and/or issues that directly relate to district policy regarding attendance, the District Office will provide guidance.

As per Board policy no. 204, the Superintendent or designee shall annually notify students, parents/guardians and staff about the district's attendance policy by publishing it in the student handbook, parent newsletters, district web site and other efficient methods. School rules and procedures governing student attendance, absences and excusals will be shared annually with these stakeholders.

Written Notification for Absences

The Warwick School District has implemented the following guidelines for monitoring attendance and providing written notification to parents/guardians about their student's absences.

Excused Absences

- After a student has seven (7) absences, a Doctor's Excuse Warning Letter is issued to the parent/guardian.
- After a student has ten (10) absences, a Doctor's Excuse Required Letter is sent to the parent/guardian. Subsequent absences that do not have an accompanying doctor's note will be considered unexcused.
- The written excuse is to be submitted within three (3) days of the absence.

Unexcused Absences

- Absences are treated as unexcused until the school receives a written excuse, to be submitted within three (3) days of the absence.
- After a student has one (1) unexcused absence, the school will send an *Unexcused Absence Warning Letter*.
- After a student has three (3) unexcused absences, the school sends an *Unexcused Absence Letter* (the first official notice) via certified mail, which includes: (a) dates of the three (3) unexcused absences (or accumulated school time missed), and (b) legal penalties resulting from additional unexcused absences. If the letter is returned, the school will send another one using regular mail service.
- After the third unexcused absence, the school may coordinate a School Attendance Improvement Plan (SAIP) meeting to resolve the issue. All parties (student, parent/guardian) sign the SAIP at the conclusion of the meeting.
- Additional unexcused absences (6 or more) will result in a referral to Children and Youth if the child is under 15 years of age, and a possible referral to Children and Youth if child is 15 years of age or older.
- The district may refer parents to the District Magistrate's office after 6 unexcused absences (habitually truant).

School-Family Conference & Student Attendance Improvement Plan (SAIP)

Pursuant to the BEC 24 P.S. 13-1327, schools are required to notify the parent/guardian regarding the need for a joint conference upon the third unlawful student absence. The SAIP (Section IV(A)(3) BEC 24 P.S. 13-1327) is developed cooperatively with involved stakeholders through a school-family conference.

The school-family conference engages all participants involved in the student's life to explore possible solutions to increase the student's school attendance. Maintaining open communication between the student and adults will facilitate positive outcomes. The purpose of the school-family conference is to discuss the cause(s) of the truancy and to develop a mutually agreed upon plan to assure regular school

attendance. The school-family conference provides all individuals the opportunity to identify, understand, and explore all issues contributing to the student's truant behavior.

The school will make attempts to have the full team present for the development of the SAIP by making phone calls and sending a letter home to parents/guardians. The letter will inform parents/guardians of the date and time of the scheduled SAIP. If a parent/guardian is not able to make the scheduled SAIP, the parent/guardian is required to call and reschedule with the contact listed on the invitation at the school. If the parent/guardian does not respond to the attempts, or if the parent/guardian refuses to attend the meeting, the school team will develop the SAIP and mail it home to parents/guardians.

The SAIP should include, but not be limited to, the following components as appropriate:

- Identification and provision of appropriate academic supports by the school and/or community organization(s)
- Identification and provision of appropriate social, emotional, physical, mental, and behavioral health support from the school and/or community organization(s)
- Identification of the school environment issues that affect the student's success and solutions to address these issues
- Explanation of the student's strengths and responsibilities related to the SAIP
- Explanation of the family's strengths and responsibilities related to the SAIP
- Clarification of method(s) used for monitoring the effectiveness of the SAIP
- Explanation of the consequences for each stakeholder if the SAIP is not fully implemented
- Discussion of the benefits for successfully implementing the SAIP
- Follow up and report the outcome of the SAIP

The SAIP substantiates efforts made by the school, family, and other vested third parties to assist the student in addressing and resolving school attendance issues. This comprehensive system of supports and services provides documentation of the "good faith" effort between the school and the student's family should future action be required (e.g., citation to the magisterial district judge). A referral to the county children and youth agency will occur when a student is considered habitually truant at 6 or more

unexcused absences.

School Engagement

School teams work diligently to assist students in engaging in their school community. Students who are fully engaged, tend to attend school consistently. Teams will work with the student to develop supportive plans to engage them into the school community. According to state guidelines, consequences for attendance can not be assigned during class time. However, if a student accrues 3 or more unexcused tardies and/or absences, they may be given a school-based consequences outside of the instructional day. For instance, lunch, before or after school detentions, restrictions in extra-curricular activities, or other creative interventions.

In order to qualify as being educational, the trip must include activities in which the student is involved in learning experiences. Dear Parent Guardian:

The purpose of this letter is to make you aware that **Student Name** has accumulated 1.00 unexcused absence(s). These absence(s) occurred on **date**.

Regular attendance at school is an important part of every student's success and is necessary in order to gain the greatest benefit from the educational experience. Students who are frequently absent from school miss direct instruction from their teachers and their absence can negatively impact school performance. Also, Commonwealth of Pennsylvania law and school policy require regular daily attendance.

We share a common goal to ensure that your child reaches his/her potential. All absences are counted as unexcused until the Warwick School District receives a written excuse explaining the reason for the absence. If a written excuse is not received within three days, the absence will permanently be added to the student's file as unexcused

This letter serves as our first written communication regarding **Student Name** unexcused absence(s). If **Student Name** accumulates three days of unexcused absences, a First Official Notice of Absence will be mailed. At this time, the district may coordinate a school/family conference to discuss the cause(s) of the truancy and to develop a SAIP School Attendance Improvement Plan (PA Dept of Education defines an unexcused absence as a truancy).

If **Student Name** accumulates three additional unexcused absences after receipt of the First Official Notice of Absence, the district will notify the district judge and a citation will be issued as well as a Children and Youth referral.

Enclosed are the penalties for violation of Pennsylvania's compulsory attendance requirements.

If you have any questions or feel you have received this letter in error, please call my office so that we may work together to ensure **Student's Name** educational success. Thank you for your attention to this matter.

RELEVANT SECTIONS FROM THE LAW

Section 1326. The term "compulsory school age", as hereinafter used, shall mean the period of a child's life from the time the child's parent elect to have the child enter school, which shall be not later than at the age of eight (8) years, until the age of seventeen (17) years. The term shall not include any child who holds a certificate of graduation from a regularly accredited senior high school.

Section 1327. Every child of compulsory school age having a legal residence in this Commonwealth, as provided in this article, and every migratory child of compulsory school age, is required to attend a day school in which the subjects and activities prescribed by the standards of the State Board of Education are taught in the English language***. Every parent, guardian, or other person having control or charge of any child or children of compulsory school age is required to send such child or children to a day school in which the subjects and activities prescribed by the standards of the State Board of Education are taught in the English language***. Such child or children shall attend such school continuously through the entire term, during which the public schools in their respective districts shall be in session, or in cases of children of migrant laborers during the time the schools are in session in the districts in which such children are temporarily domiciled.

Section 1333. Every parent, guardian, or person in parental relation, having control or charge of any child or children of compulsory school age, who shall fail to comply with the provisions of this act regarding compulsory attendance, shall on summary conviction thereof, be sentenced to pay a fine, for the benefit of the school district in which such offending person resides, not exceeding three hundred dollars (\$300) and to pay court costs or be sentenced to complete a parenting education program offered and operated by a local school district, medical institution or other community resources, and, in default of the payment of such fine and costs or completion of the parenting program by the person so offending, shall be sentenced to the county jail for a period not exceeding five (5) days.

Section 1354. It shall be the duty of every principal or teacher of a public school to report immediately to the attendance officer, district superintendent, or secretary of the Board of School Directors, the names of all children in the list furnished to him who have not appeared for enrollment, and he shall also properly report, from time to time, to the attendance officer, district superintendent, or secretary of the Board of School Directors, the names of all children who having enrolled have subsequently withdrawn from school, or who have been absent three (3) days, or the equivalent, without lawful excuse. Such person shall thereupon serve upon the parent, guardian, or other person in parental relation to such children unlawfully absent from school, the written notice hereinbefore provided, and if it shall appear that, within three (3) days thereafter, any child, parent, guardian, or other person in parental relation shall have failed to comply with the provisions of this act, the superintendent, attendance officer, or secretary of the Board of School Directors, in the name of the school district, shall proceed against the person so offending, in accordance with the provisions of this act.

Dear Parent/Guardian:

The purpose of this letter is to inform you that **Student Name** has accumulated 7 absences that may or may not have been accompanied by a written excuse. We do not question the validity of these absences, but we are concerned about the effect this number of days out of the classroom may have on **Student Name** school performance.

Pennsylvania attendance regulations state that "a maximum of ten (10) days of cumulative excused absences by parental notification may be permitted during a school year; and that all absences beyond ten (10) cumulative days should require an excuse from a physician."

As stated above, **Student Name** has accumulated at least 7 days of absence. **At this time, you are not required to submit a physician's excuse for each additional absence.** However, if **Student Name** absences continue, a physician's excuse may be required.

If you have any questions, or if there is a problem of which we should be aware, please contact me.

Dear Parent Guardian:

The purpose of this letter is to make you aware that **Student Name** has accumulated 6.00 unexcused absence(s). These absence(s) occurred on **dates**.

Regular attendance at school is an important part of every student's success and is necessary in order to gain the greatest benefit from the educational experience. Students who are frequently absent from school miss direct instruction from their teachers and their absence can negatively impact school performance. Also, Commonwealth of Pennsylvania law and school policy require regular daily attendance.

We share a common goal to ensure that your child reaches his/her potential. All absences are counted as unexcused until the Warwick School District receives a written excuse explaining the reason for the absence. If a written excuse is not received within three days, the absence will permanently be added to the student's file as unexcused

This letter serves as our written communication regarding **Student Name** unexcused absence(s). At this time you will be charged before a district justice without further notice. At that time, you will be subject to a summary offense under the Public School Code for which the penalty is the payment of a fine not exceeding 750 hundred dollars (\$750), and, in default of the payment of such fine, shall be sentenced to the county jail for a period not exceeding three (3) days.

Under fifteen years of age: The school must refer the child to a school based attendance improvement program and county children and youth agency for services. The attached information serves as your referral. Parents are responsible to call and set up programming.

Fifteen years of age and older: The school must either: (1) refer the child to a school based attendance improvement program and/or, (2) file citation against the student or parent in a magisterial district court. The school may also refer to county children and youth agency for services. The school team will make the final determination regarding citation based on the individual circumstances.

Enclosed are the penalties for violation of Pennsylvania's compulsory attendance requirements.

If you have any questions or feel you have received this letter in error, please call my office so that we may work together to ensure **Student's Name** educational success. Thank you for your attention to this matter.
