

May 2018

Dear Kissel Hill Families,

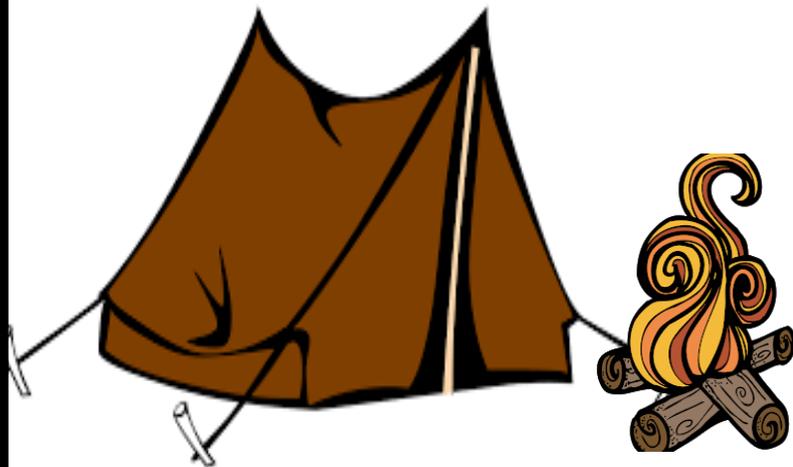

As we approach summer, we would like you to consider the importance of summer reading. To help your child avoid the "Summer Slide," keep reading all summer!

To participate in our summer reading challenge, please color **twenty** s'mores. One s'more icon represents **fifteen** minutes of reading. Reading aloud to your children counts, too!

In addition to reading, complete **ten** game board activities. Parents, please initial each square as activities are completed.

In the fall, we will honor students who complete the summer reading challenge with public recognition and a reward. Please return the bookmark and activity board by **Friday, September 7, 2018**.

Happy Summer Reading! ☺

Sincerely,

Mrs. Lauren Leitzel  
Reading Specialist
