Courses required for your grade level will be listed on this screen. If Physical Education is required, please indicate three Physical Education choices.

Your core course teachers have previously entered recommendations for you. You may be given multiple options for courses or levels of courses to choose from or there may only be one course recommended for you. The example below gives one option for math and two options for science. If a teacher gives more than one option, choose the course that best fits into your overall educational plan.

Notes can be added below your elective choices for your counselor to see. This area is to be used to let your counselor know about your specific scheduling preferences. Please indicate if you are interested in taking a course over the summer in this section. Also, this space is where seniors should indicate if they are interested in an internship.

Notes/Special Requests:

I interested in learning more about internship opportunities for my senior year.

Note: This section is not to be used to request a specific teacher or to ask to be put into a class with a friend.

Once you have completed selecting courses, you will see expected credits listed at the bottom of your screen. This number represents how many credits the system will try to schedule you to take. Freshmen, sophomores and juniors must schedule at least 6 credits. Seniors must schedule at least 5 credits. Credits are not awarded for study halls, late arrival or early release.
