1. Nicaragua Trip Update/Presentation
~ *WHS Students and Mrs. Nichole Rivera*

Mrs. Nichole Rivera and WHS students shared their experience on their Nicaragua trip. Students dressed in their Outreach 360 shirts shared a slide show of their trip. Mrs. Rivera shared the places visited, and the mutual impact the trip had on everyone involved. Each student received 20 hours of service during the trip. Students shared their personal experiences and were appreciative of the Board for approving this meaningful experience.

2. Graduation Requirements – High School Credits
~ *Dr. Melanie Calender, Dr. Axe, and Mrs. Szobocsan*

Dr. Hallett prepared a presentation on a proposed change to increase the number of graduation credits required from 22 to 23 credits. A comparison of required graduation credits with other neighboring districts was shared. The proposal to increase the number of required credits to 23 allows students to access additional electives. Input from a variety of stakeholders was sought as part of this proposal and was well received by all involved. This option still allows students the options for Open Campus, study halls, online courses, etc. Students' counselors, the student and their parents are all involved in monitoring a student's progress towards and fulfillment of required credits for graduation.

3. Board Policy Review
 - Policy 302 – Employment of Superintendent/Assistant Superintendent
 - Policy 311 – Reduction of Staff
 - Policy 808 – Food Services
 - Retirement of Policy 248 and 348

A discussion regarding the above listed policies was led by Dr. Hershey. They will be on the agenda for a first reading at the next School Board meeting.
