★ OUR NATION'S HISTORY ★

The Pony Express debuted on April 3, 1860 when a rider left St. Joseph, Missouri with mail destined for Sacramento, California. Previously, mail had to travel from the East to the Golden State by slow stagecoaches, or by boat all the way around South America. But by swapping horses every 10 miles, changing riders every 100, and riding 24 hours a day, non-stop, the Pony Express could deliver the mail in just 10 days! The operation didn't last long – soon enough, the transcontinental telegraph could deliver short messages almost instantaneously, and larger mail could be transported cross-country by train.
