RE: Tuition Charges –

Dear :

Our office has been notified that the Superintendent has granted her approval for your to attend Warwick High School as a non-resident tuition student for the 24/25 school year. The annual PDE regular education tuition rate for secondary students is \$13,546.38; however, that is technically the 22/23 rate. We will receive the 23/24 rate very soon, and I will communicate that to you as soon as I can, as that will be what your monthly billing will be based on. I will follow up with a reconciliation billing in June 2025 after the 24/25 rate is published by PDE in May. We will invoice you on a monthly basis for the number of school days provided to each month. You will have 30 days to pay each invoice. This tuition approval will be brought to our school board at a future meeting, but your 's name will not be mentioned.

Please contact me if you have any questions at 626-3700 x3709.

Sincerely,
Warwick School District
