2026-2027 Section E-3 Advisor (two-year term) (Only Section E-3 vote)

Andrew Kline, Oley Valley School District

As a 2020 public school graduate and a relatively new school board member, I bring a fresh and relevant perspective to PSBA and school board service. My experiences on both sides of the education system — first as a student, and now as a board member — give me a unique understanding of the issues facing our schools and communities today. Although I am early in my board service, I bring with me a strong foundation in areas directly related to school governance, including budgets, policy development and review, facilities oversight, and student activity leadership. My professional background in engineering and active involvement in both community and professional organizations have equipped me with experience that translates well to the complex, real-world decisions school boards must make. As E3 Sectional Advisor, I will be a resource and a collaborator for each of you, my fellow board members from across the

region. I aim to share insights, tools, and practical strategies that can support each of your school districts and school boards so that we can collectively lead with confidence, and a shared commitment to student success.

I also want to emphasize that public education is one of our most valuable and powerful public resources. At the core, public education is shaping the future, and being entrusted with preparation for the next generation, which is a responsibility that we cannot take lightly. In a time when public schools face increasing challenges — funding uncertainty, changing legal landscapes, and evolving student needs — we must continue to advocate for strong, well-supported education systems. I believe in the power of public schools and the importance of ensuring they remain accessible, effective, and forward-thinking. I hope you will consider supporting me for E3 Sectional Advisor within PSBA. I look forward to learning with and from each of you, and helping us all lead more effectively in service of our students. Thank you for your consideration!

Forum Steering Committee (term ends Dec. 31, 2027) – (two-year term)

Choose up to three individuals for a two-year term

Christina DeAngelis, Quaker Valley School District

I've worked in the school system for 20 years in various roles. Having been appointed School Board Secretary in January 2022, I am also an Executive Assistant to the Superintendent and Registrar at Quaker Valley School District. My experience in the secretarial field began with completion of a stenographic secretary at Bradford School of Business and lead me into the insurance sector of the business world. The knowledge I gained worked for an Internet provider service allowed me to transition to an information systems manager for Parkway West Career and Technology Center. I have strong organization skills and the ability to manage through experience gained working at stadiums. I'm excited about sharing my knowledge with fellow SBS, creating opportunities to grow, and collaborating as a team to make our work more meaningful.

Tricia Cousino, Steel Center for Career & Technical Education

I have been at my current role as executive assistant/board secretary at the Steel Center for Career and Technical Education since 2021. Although this role was new to me at the time, I was not new to the world of education and leadership. Initially in my career, I served as a school supervisor for Pittsburgh Beauty Academy for many years. While my children were young, I transitioned into an educational support role within our school district and later was the supervisor and preschool teacher for a daycare for 12 years. Throughout all of these experiences, I have always believed and practiced a team approach. Every person, every role, brings value and is vital to an organization's success. I am an enthusiastic individual with great people skills that largely come from focusing on empowering and supporting those around me. I have a genuine desire to engage with others and consistently learn so I can make a positive impact on my organization and other partnerships or roles.

Jamie Zimeofsky, Intermediate Unit 29

Jaime works at the Schuylkill Intermediate Unit 29 as the Executive Secretary in the Administrative/Executive Office. She has been employed at the IU since September 2006, starting in the Special Education Office. In July 2016, she transitioned to her current role, whose duties include Board Secretary for both the Schuylkill Intermediate Unit and Schuylkill Technology Center Boards of Directors. In addition to her duties at the IU, Jaime is married with two "busy" teenage boys who enjoy playing soccer, basketball, and track and field.

In response to why she would like to be nominated to this committee: "When I first started in the position of Board Secretary, this group and conference were an invaluable resource to me. I would be honored if I were allowed to continue to give back to the group and support fellow board secretaries."
