#### **MESSAGE FROM THE EXECUTIVE DIRECTOR**

At IU13, our mission is to provide service, support, and solutions that make a difference to all learners and our communities. Central to that mission is the caring, competent, and reliable collaboration with our 22 school districts in Lancaster and Lebanon counties. As an education service agency, we seek to meet the ever-changing needs of member school districts, ranging from classroom programs for students with disabilities to the collaborative purchase of energy and school supplies. In every case, we are here to serve you and to be an asset to your district missions. Our goal is always to enhance student learning and our partnership has even greater importance as we work together to respond and find solutions to the new needs, challenges and opportunities facing us today.

The Lancaster-Lebanon Intermediate Unit 13's 2025-26 General Operating Budget Proposal reflects a strong commitment to reduce costs where possible and to avoid expenditures where feasible.

The **General Operating Budget - Core Program of Services** totaling \$2,170,010 reflects a 3.24% increase in expenditures. IU13 remains committed to reducing, avoiding, and minimizing increases to costs by maximizing revenues generated from the administration of competitive grants, and leveraging grant funds to enhance services to member school districts, provide value-added services, and support IU13 operations. There is <u>no direct assessment</u> to member school districts for this budget.

The **General Operating Budget - Instructional Media Services (IMS)** totaling \$1,374,756 reflects a 3.87% increase in expenditures. This increase includes annual adjustments to salaries, benefit costs, plus small adjustments to personnel allocations. Total District Contributions reflect a 2.0% increase.

The budget enclosed within this document has been recommended for approval by Lancaster and Lebanon County School District Superintendents and the Lancaster-Lebanon Intermediate Unit 13 Board of Directors and is presented to each district board for review and approval. As you consider this budget, we thank you for your continued support of Lancaster-Lebanon Intermediate Unit 13. By working together, we have developed programs to meet the needs of students and school districts while achieving efficiency and cost savings.

It is the pleasure of IU13 to serve you. We look forward to working together and making a difference through our call to "Work Worth Doing" by cultivating the conditions for trust and unity within our education systems and communities, to ensure that all learners are well served.

Matthew Stern

Matthew S. Stem Executive Director

## Lancaster-Lebanon IU13

### **General Operating Budget (GOB) Adoption Process**

The Intermediate Unit budget adoption process shall occur in the following sequence:

- 1. Review and first reading of proposed GOB by the Intermediate Unit Board.
- 2. Review of the proposed GOB with the Advisory Council of Superintendents.
- 3. Notice given that the proposed GOB is available for public inspection.
- 4. Board approval of the proposed GOB at its regular meeting, and recommendation that the budget be approved by the IU13 component school districts and the school directors of the IU13 component school districts.
- 5. Distribution of copies of GOB packet to each Board member of component school districts for approval.
- 6. School district Boards and school district directors shall act on the IU13 General Operating Budget.
- 7. Following approval by a majority of the component school district boards and the school directors of the component school districts, the Executive Director shall file the approved GOB with the Pennsylvania Department of Education.
- 8. Final Board approval of all programs of services budgets annually in June as part of its Strategic Business Units and Support Services Units budget adoption process.

## Lancaster-Lebanon Intermediate Unit 13 Proposed General Operating Budget 2025-2026 Background and Summary of Services

Public School Code of 1949 outlines the process an intermediate unit follows for approval of its General Operating Budget and identifies the core services to be provided: (i) curriculum development and instructional improvement services; (ii) educational planning services; (iii) instructional materials services; (iv) continuing professional education services; (v) pupil personnel services; (vi) State and Federal agency liaison services; and (vii) management services.

At Lancaster-Lebanon Intermediate Unit 13 (IU13), the General Operating Budget includes the cost of operating and administering our Program of Services and consists of two components:

- 1. The **Core Program of Services (CPS) Budget** in the amount of **\$2,170,010** includes resources for organizational leadership, board and community relations, administrative services, and instructional supports to our 22-member school districts. The 2025-26 CPS Budget includes an increase of \$68,141 or 3.24%.
- 2. The **Instructional Media Services (IMS) Budget** in the amount of **\$1,374,756** provides instructional media and materials, digital resources, courier services among schools, and consultation and training in instructional technology integration. The 2025-26 IMS Budget includes an increase of \$51,274 or 3.87%.

The General Operating Budget is reviewed with the IU13 Superintendents' Advisory Council and approved by the IU13 Board of Directors for recommendation to the local school boards for approval. Weighted votes will be summarized and submitted to the Pennsylvania Department of Education by May 1<sup>st</sup>. The General Operating Budget represents approximately 1.5% of the total enterprise-level IU13 budget and is formally adopted by the IU13 Board as part of the Strategic Business Unit and Support Services Unit budget process in June.

We operate over 117 separate programs that are managed under thirteen Strategic Business Units (SBUs) totaling approximately \$238 million. A listing of the thirteen strategic business units and the proposed programs administered under each unit is included in this packet on pages 15-17. The IU13 Board of Directors approves the budgets for all programs administered by IU13 as part of the annual budget adoption process. These programs include marketplace fee-for-service programs, consortium programs, membership programs, federal grants, and state allocations/grants. A more detailed description of our strategic business units and the programs offered by each unit is available in a companion document titled, "IU13 Programs and Services." The companion document is updated each year in June as part of the enterprise-level budget adoption process and posted on our website at https://www.iu13.org.

Local school districts exercise their option to participate in the various marketplace and consortium programs based on their needs. Each consortium budget is developed with member input and contracts for service are approved by participating school districts and the IU13 Board of Directors. Our efforts to meet the ever-changing needs and expectations of our member school districts and other key customers are supported by a 5-year plan that includes a mission to provide services, supports, and solutions that make a difference to all learners in our community, and a vision for working together and making a difference through our call to "Work Worth Doing" by cultivating the conditions

for trust and unity within our education systems and communities, to ensure that all learners are well served, focusing on:

- Educational Services
- Technical Assistance
- Developing Leaders
- Convening and Connecting
- Building Organizational Resilience

We continually seek avenues to increase efficiency and to save money in our own operations as well as for our member school districts. Each year, we pursue opportunities to increase funding for general operations by aggressively pursuing competitive grants, administering state initiatives, and delivering marketplace services. Since the Intermediate Unit Operating Subsidy line item was eliminated from the Commonwealth budget in 2012, the Pennsylvania Department of Education has charged intermediate units to become entrepreneurial. At IU13, we have been intentional about becoming more entrepreneurial and have implemented programs and structures to encourage and support innovation and stewardship. Our efforts include a focus on the voice of the customer, a commitment to inspiring innovation, a discipline of project management processes and tools, and a system to support lean design strategies. IU13's commitment to expanding its entrepreneurial offerings benefits our member school districts by providing funds and leveraging resources to enrich and enhance our programs and services.

**The General Operating Budget** is comprised of six functional areas: Enterprise Leadership - Executive Office, Business Services, Human Resources Services, Early Childhood and Special Education Services, Technology Services, and Instructional Services.

The Executive Office: Administrative Services, State and Federal Agency Liaison Services, and Management Services is responsible for enterprise-level leadership. The Executive Office coordinates the monthly meetings and agendas of the IU13 Board of Directors, hosts the monthly meeting of the Superintendents' Advisory Council, supports services to other district leaders, and sponsors sessions where current programs are discussed and planning for future activities and initiatives occur. Our annual elevated commitments and action items are a result of the planning done at this level. The Executive Office also provides community relations support for districts through a public relations consortium. The Executive Office supports formation of legislative priorities in collaboration with the 22-member school districts and others specific to the IU. New board member orientation, legislative liaison services, and administrator searches are also offered based on interest.

Central Services, including the administration of state and federal agency liaison services, management services and organizational leadership, are included in the budget. The Executive Director, Assistant Executive Director, Assistant to the Executive Director - COO, Assistant to the Executive Director - CFO, Director of Instructional Services, Director of Technology Services, and Director of Early Childhood and Special Education Services all contribute to this work.

The **Business Services** staff is responsible for the overall financial management and accounting for the organization, including budget development, grant compliance, procurement practices, and implementation of the organization's Comprehensive Business Plan. The Business Services staff is also responsible for the coordination of the Workers' Compensation and Property/Casualty Insurance Pools, and collaborative services initiatives resulting in substantial savings for member districts through bulk buying of materials and supplies. In addition, the IU coordinates a consortium for the procurement of energy that results in savings of the costs for natural gas, electricity, and bulk fuels, as well as several other collaborative services initiatives that provide cost-effective solutions for participating districts.

The **Human Resources Services** staff is responsible for recruiting, hiring, retention, payroll, and benefits activities/administration for IU13. Additionally, this staff provides labor management information services and consulting services to districts on human resources and policy issues, and assists districts with regulatory management, interpreting new laws/Acts and how they can be put into practice. This department coordinates a substitute procurement and absence management program, an online service for wage, benefit, contracts, and organization charts. Human Resources Services coordinates emergency certification for substitutes and provides safety training. The Human Resources Services staff also supports the planning, prevention, and response to safety and crisis events within all school districts.

The **Early Childhood and Special Education Services** team is responsible for the delivery of services to young children (Early Head Start, Head Start in Lebanon County, Pre-K Counts, and Preschool Early Intervention) and district-referred school-age students in need of special education (center-based services, classroom services, itinerant teachers, speech and language therapy, occupational therapy, physical therapy, job training services, transition services, sensory impaired services, psychological services, and homebound instruction). In addition, the IU has leveraged a special education legal pool which member districts can join at a minimal cost. Membership includes direct access to a highly regarded special education attorney throughout the year for large-group professional development, updates on legal trends, and 1:1 consultation.

The **Technology Services** team is responsible for software, computer, network, and data systems administration services for IU13 (i.e., server administration for e-mail, web, network connectivity hardware, etc.). This department is also responsible for providing technical assistance to IU13 staff (administrators, specialists, and support staff) regarding uses of technology. In addition, the Technology Services team provides the following consortium and marketplace services to our member districts:

- Wide Area Network Connectivity
- Peering Services
- IU13 PA Student Data Privacy Consortium
- IU13 Hosted Cloud Services
- Colocation Services
- Web Content Filtering
- Telecommunications Statewide Contract
- Discounted Technology Trainings
- Statewide Software Sales
- Technology Management Career Pathways
- Consultative Services
- Tech Talk Live Conference
- State Data Manager
- Document Imaging and Retention Services
- Printing and Duplication Center Services

The **Instructional Services** Department provides innovative services that are evidence-informed to lead and support the work of learner-driven professionals. Teaching and learning-related solutions are offered to educators and administrators in the areas of curriculum, instruction, and educational technology, including supports in all core content areas. In addition, various job-alike collaboratives for curriculum coordinators, principals, and content area leaders are facilitated by the Instructional Services Department to support collegiality, networking, and peer-to-peer learning in Lancaster and Lebanon Counties. The Intermediate Unit's Student Services Program, Community Education Program, and Grant Services are also administered through Instructional Services. The General Operating Budget - Core Program of Services is supported by interfund transfers derived from the central support cost allocations to local, state, and federal programs administered by the Intermediate Unit, interest income, plus state reimbursement for Social Security and retirement costs related to salaries funded in the budget. Expenditures included in this budget are salaries, benefits, expenses, materials, and supplies. There is no direct assessment to member school districts for the General Operating Budget – Core Program of Services.

**General Operating Budget - Instructional Media Services** (IMS) are salaries, benefits, materials, and supplies in support of the following services:

• Courier service is provided to Lancaster and Lebanon public schools on a regular, weekly basis, as well as routes encompassing the nonpublic schools on a rotating basis. The courier service is housed in the IU13 Lancaster County office, running scheduled deliveries to the satellite offices.

The IU13 IMS provides a wide range of instructional media, materials, and training for teachers and administrators. including direct support for district Technology Integrators/Specialists/Coaches and Librarians. In addition, the IMS provides consortium opportunities for discounted educational technology tools.

- Approximately 60% of the budget covers the cost of instructional media licenses and materials requested by member districts. Media titles are available for educators to download or stream to their classrooms for instruction and staff development uses. In addition, teachers and students have access to virtual simulations and labs, cultural and educational databases, and a variety of digital instructional resources for all grade levels and all curriculum areas.
- Types of digital media available to educators including streaming media, video, lessons, digital resources, portable planetariums, telepresence robotic systems, AR/VR immersive learning and career-based systems, and many more STEM robotics systems via the Lending Library.
- In addition, districts have access to OverDrive, an online library available with e-book titles that can be used by their students.

IMS staff provide services to schools related to the integration of instructional technology and digital media. Job-alike meetings are held for school district staff to support technology integration and solving technical issues. Further, the latest technological developments are discussed, and hands-on technology trainings are offered. These meetings provide a valuable forum for learning and information exchange among district staff members.

The General Operating Budget - IMS is funded through the following revenue streams: Social Security and retirement state reimbursements, consulting services revenue, local program revenue, and member district contributions based on an aid ratio formula promulgated in School Code. A schedule of district contributions is included under the IMS section of this proposal on page 14.

Solanco		32,686.86	32,908.70	33,533.84
Warwick		37,285.77	37,887.83	38,563.47
	TOTAL	<u>\$668,296.02</u>	<u>\$681,662.00</u>	<u>\$695,295.00</u>

Formula for IMS Contributions:

1. IMS less state allocation and other resources ÷ by total weight factors = VALUE PER WEIGHT factor.

2. Weight factor per district calculated by subtracting the district aid ratio from 1.00 times the district WADM.

3. Weight factor per district times the value (calculated in #1 above) equals the withholding.

4. District share of IMS Budget is withheld from basic subsidy in December.

\*The actual amount payable for 2025-26 will be provided by PDE after the entire processing cycle for the 2023-24 membership data has been completed.

Historical IMS District Contributions:

2006-07	\$738,871.00	2016-17	\$639,215.00
2007-08	\$738,871.00	2017-18	\$639,215.00
2008-09	\$738,871.00	2018-19	\$639,215.00
2009-10	\$621,200.00	2019-20	\$639,215.00
2010-11	\$639,215.00	2020-21	\$655,835.00

#### Notes:

1. Anticipated budgets are based on information available on February 1, 2025.

2. New programs may be added throughout the 2025-26 fiscal year and will be presented to the IU13 Board at their regularly scheduled monthly meeting for approval as part of the Treasurer's Report.

3. Anticipated budgets do not include carryover funds or programs expected to end prior to the start of 2025-26.
